

## Electronic Forms

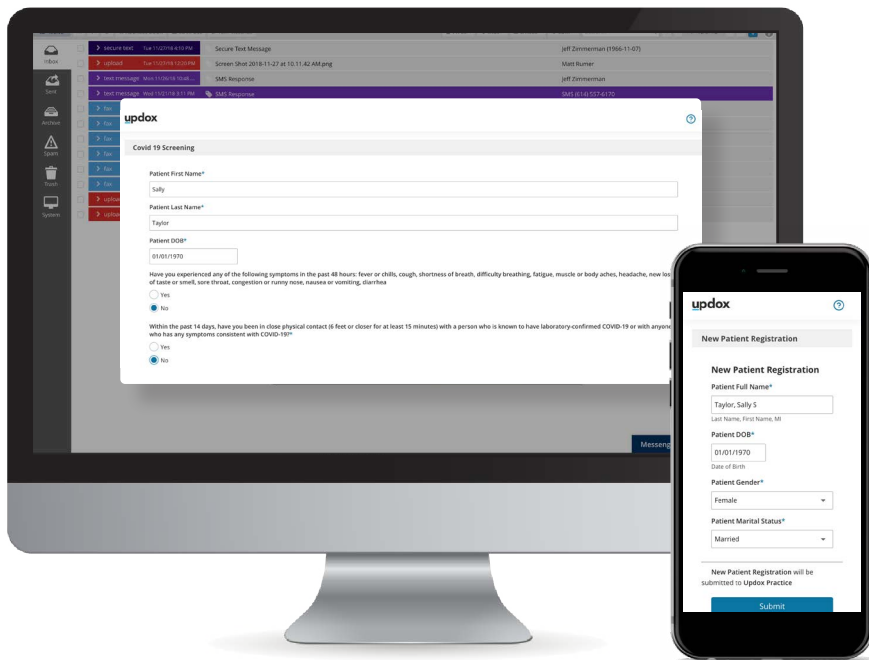

Skip the paper and capture information instantly

Updox Electronic Forms lets you interact with patients by engaging them where they are—on their mobile devices. With no apps to download, Electronic Forms is an online tool used for collecting information in a quick and easy way. Forms flow through our secure, HIPAA-compliant environment and create a paperless experience for patients and staff. Collect information electronically from patients without managing piles of paperwork with Updox Electronic Forms.

## Unpleasant waiting rooms

were the most cited reason that patients stop returning to a healthcare facility.

2019 Qualtrics Industry Pain Index

### Increase safety

Minimize touch points for added patient assurance

### Access anywhere

Take actions on forms at anytime from any location

### Work efficiently

Eliminate errors associated with manual entry from paper to computer

### Reduce paper

Decrease need for paper and print-based supplies

“COVID has changed medicine in so many ways. Because of Updox Forms, we can spend **more time face to face with patients** and they are **spending less time on paperwork**. That makes everyone happier!”

Karen Plevyak, RN
