## **Charge Capture Maximization**

## The intelligent way to capture charges

Sep 26, 2018

Keep your practice financially healthy with charge capture maximization. Our charge capture solution uses automated data feeds and advanced logic to identify opportunities and display them on an easy-to-use dashboard for your practice to manage and take action. Maximizing your charge capture will optimize your practice revenue, decrease lag time, and increase provider satisfaction, letting your practice focus on what matters most—your patients.

#### Optimize revenue

Identify billable and missing charges with intelligent coding entry assistance

millions

venue

harge

ssues.

of their potential

#### Increase billing speed

Decrease lag time by accessing real-time information about your patients

### **Provide visibility** View easy-to-use dashboards to manage feedback and take action

### Boost provider satisfaction Facilitate communication between

providers and the RCM team

"I have used other charge and billing apps and in comparison AlertMD is easy to use, takes less time to learn the application. This app reduced cumbersome paper processes and ease of reporting data is a definite plus!"

## **Automated Feeds**

## Information at your fingertips

Automated feeds provide data when a patient is registered and actions occur within the hospital.

## Easy-to-use Dashboard

## Track patient information

Easy-to-use dashboard to view, organize and track relevant data for attributed patients.

## Identify Opportunities

## Never miss out on charge capturing

Advanced logic to quickly identify opportunities and capture charges.

#### What's unique about us?

AlertMD opened its doors in 2008 with a mission to increase loyalty and efficiency at health systems while reducing labor expenses. AlertMD, an EverCommerce company, with more than 27,500 users, has proven solutions for the front office, care coordination and the back office. As we continue to bring new and innovative solutions to market, our focus remains the same; AlertMD aims to increase health system profitability through an easy-to-use platform.
